At page 53 line 11 and line 20, change both occurrences of "Table 1" to --Table 2--.

In the Claims:

Please add the following new claims 50-58:

--50. (New) A recombinant adenovirus expression vector comprising

(a) an insert of exogenous DNA comprising a gene encoding a foreign protein; and

(b) adenovirus DNA in which adenovirus polynucleotide sequences beginning at nucleotide 360 and ending at nucleotide 4020 to 4050 are replaced with a non-adenoviral polynucleotide sequence.

51.   (New) The recombinant adenovirus expression vector of claim 50, wherein the vector is A/C/N/53.

52.   (New) The recombinant adenovirus expression vector of claim 50, wherein the foreign protein is a tumor suppressor protein.

53.   (New) The recombinant adenovirus expression vector of claim 52, wherein the tumor suppressor protein is p53.

54.   (New) The recombinant adenovirus expression vector of claim 52, wherein the tumor suppressor protein is RB56.

55.   (New) The recombinant adenovirus expression vector of claim 50, wherein the gene encoding the foreign protein is expressed under control of a cytomegalovirus (CMV) promoter.

56.   (New) The recombinant adenovirus expression vector of claim 55, wherein the CMV promoter is the CMV immediate early promoter.
